DEVASTATING ACCIDENT IN ST. JOSEPH, MO.

BODIES OF 9 OTHERS BELIEVED BURIED IN RUINS OF THE ARMOUR PLANT

EXPLOSION YESTERDAY TORE THROUGH THE SIX-STORY INDUSTRIAL BUILDING

St. Joseph, Mo., May 9.—(U.P.)—Thirteen dead have been recovered from the ruins of the Armour smokehouse which was destroyed by a terrific blast here yesterday.

St. Joseph, Mo., May 9.—(U.P.)—The smoke blackened bulk of a factory inside the big Armour & Company plant greeted workmen today, the tomb for eleven persons who lost their lives in one of the most devastating industrial accidents in the history of the city.

Bodies of nine others were believed buried in the debris.

Puffing steam engines, derricks and tractors tore at the twisted wreckage of the smokehouse which literally was lifted from the earth late yesterday when an explosion tore through the six-story building.

The lives of more than forty employees—many of them girls and boys—were endangered.

The rescuers were hunting the bodies of nine persons unaccounted for. Seven bodies were removed last evening, many burned almost beyond recognition. Eight, suffering from burns and hurts, were removed to the Missouri Methodist hospital.

Forty-six employees were in the plant at the time of the explosion.

The eleven known dead were: Gerald Munden, Earl Hanson, Vera Durkin, Ray Rickman, Arthur Rogers, Doster Bowlin, Margaret Lillis, Mary Durkin, 33; James Staples, 26; Charles Moore, 26, and Miss Mathilda Loar. They were either workers in the sausage cooler, bacon wrappers or meat smokers.

The dead were taken from the debris of the third and fifth floors. The six believed buried in the wreckage were: Mary Johnson, Joe Scott, L. E. Wiles, Frank Weicorek, George Roberts and Ora Paxton.

None of the injured were expected to die, physicians at Missouri Methodist hospital said.

Exact cause of the blast was not determined. Strong odors of escaping ammonia gas from demolished refrigeration equipment prevailed after the blast, but theories that this created the explosion were discounted. A new gas main had been laid to the plant recently. Armour Company officials from Chicago were reported enroute to make an inquiry.

The explosion occurred about 3:30 P. M. when the majority of workers were homeward bound. Twenty-two persons employed in the sausage shop in the smokehouse miraculously escaped, only one being injured.

The work of rescuing the injured and searching for the bodies of the dead was accomplished under most difficult conditions.

Fire engines and ambulances which rushed to the plant were obstructed by employees who attempted to push through the gates. As news of the explosion became general thousands rushed to the neighborhood. Relatives of employees besieged authorities for information and when ambulances or police cars came from the yard, crowded about them.

Throughout the night railroad crews—the smokehouse was paralleled by railroad tracks—firemen, police and volunteer crews labored in removing debris and attempting to discover the dead or injured.

Flood lights cast a lurid gleam over the workers outside the high fence bordering the yard and automobile lights played on the crowd.

"There was a big hiss, then a blast and I turned to see the smokehouse go into the air," E. E. Johnson, manager of the American District Telegraph Company, fire alarm agency, and eye witness of the blast, recounted.

"All the debris, timber and brick of the building swirled in midair for a moment surrounded by a shroud of yellow smoke or dust, and then telescoped," he said. "The six story structure crumbled in a heap piled to the height of adjoining box cars.

"I saw no flames either at the moment of the explosion or afterwards. Within a few minutes the scene was clear of dust and clouds. Only the pile of debris marked the spot. No sound came from the pile. For a minute there was confusion. Then men began digging frantically at the ruins.

"I was sitting in the Swift Company fire house, 300 yards away, at the time of the explosion.

"I turned in my chair just in time to see the building go up. A Western Union messenger boy at the livestock building three blocks away was knocked to the earth by the concussion." Johnson turned in the initial alarm. Charlie Welsh, Swift Company fireman, recalled just a few minutes before the blast while working around the fire equipment, he had thought, "Oh, what if they had an explosion." As if inspired by his thoughts, the smokehouse blew up.

PHILADELPHIAN WAS GOVERNMENT PROSECUTOR IN THE NAVAL OIL CASES

CONFIRMATION IS EXPECTED WITHOUT A CONTEST IN THE SENATE

Washington, May 9.—(U.P.)—Owen J. Roberts of Philadelphia, government prosecutor of the naval oil leases, has been selected by President Hoover for the United States supreme court vacancy, left by the rejection of John J. Parker, the United Press learned authoritatively today.

The nomination of Roberts will be sent to the senate today. His confirmation is expected without contest as he had won the approval of all groups in the senate by his handling of the oil cases.

HANKS TRIAL TO START MAY 19

MILLE LACS INDIAN PLEADS NOT GUILTY TO TRIPLE MURDER COUNT

Duluth, Minn., May 9.—(U.P.)—William Taylor Hanks, 39, Milles Lacs reservation Indian, will go on trial in federal court May 19 charged with three counts of murder.

Hanks appeared before Judge John B. Sanborn late yesterday and entered a plea of not guilty to the three counts. He is charged with the murder of his wife, his foster son and his wife's aged grandfather.

With him in his appearance before Judge Sanborn was Hilding Swanson, Brainerd, a friend of Hanks for the past 15 years. Hanks briefly denied the crime and added nothing except that he would be unable to gather his witnesses before May 19.

Hanks, since repudiating a confession alleged to have been made to D. W. Luchinger, Milles Lacs county sheriff, has claimed that he acted in self-defense. He asserts that his wife killed her grandfather and her 14-months old son and that he slew her to protect his own life.

If found guilty of first degree murder with a recommendation of mercy Hanks will be sentenced to death by hanging under federal statutes. The execution would then take place in Duluth. Capital punishment has been outlawed for many years in Minnesota.

Hanks at one time attended the Carlisle Institute, but never went beyond the fifth grade, his attorney said.

LILA JIMERSON CASE CARRIED TO SUPREME COURT

Buffalo, N. J., May 9.—(U.P.)—The case of Lila Jimerson, Indian woman charged with responsibility for the witchcraft murder of Mrs. Clothilde Marchand, was carried to the state supreme court today by her new lawyers. They filed application for a writ of habeas corpus to free Lila and Justice Samuel D. Harris immediately signed an order directing the district attorney to show cause why she should not be released.

POLLY SWEARS AND RESENTS BEING SAVED BY FIREMEN

Minneapolis, May 9.—(U.P.)—With thoughts of duty and kindness to dumb animals, the members of fire truck No. 9 last night climbed to the top of a tree on Second avenue to rescue a parrot.

All went well until the firemen were within a few feet of the bird. Then Polly began to swear. The barrage lasted several minutes and then Polly ended, "Get away from me." The firemen did.

Great Hordes of Bandits Devastate Honan Province, Burn and Pillage, Slay 15,000

BANDS SWARM OVER DISTRICT 4 DAYS FROM APRIL 23

KILLING WITHOUT MERCY, THEY SLAUGHTERED WOMEN AND CHILDREN

ROUND UP 500 PRISONERS, FORCING THEM TO SHOULDER THEIR LOOT

Shanghai, China, May 9.—(U.P.)—A great horde of bandits devastated the Yung-An district in Honan province and slaughtered thousands of residents according to delayed advices received today. The newspapers in Man Pao said that approximately 15,000 persons were killed by the raiding outbreaks.

The bandits swarmed through the district for four days, starting April 23. Killing without mercy, they slaughtered women and children and pillaged their homes, the advices said.

The raid was the worst of many reported in recent months, the last major attack occurring within a few hundred miles of the nationalist capital, Nanking.

Honan province and other northern interior regions have been the prey of wandering bandit hordes for more than a year. Lack of food has forced many persons to join the bandits, and they have swarmed over some interior regions like wandering armies, well armed and ruthless.

There were between 3,000 and 4,000 bandits in the band that invaded the Yung-An district. Almost every home was looted or burned and residents who did not readily give up their goods were tortured and slain. Many small villages were desolated in the attack.

After three days of pillage the bandits rounded up 500 prisoners, forced them to shoulder the loot and marched them off to be held for ransom.

CHARGES TO BE FILED AGAINST BISHOP CANNON

Dallas, Texas, May 9.—(U.P.)—First direct word of the charges to be filed against Bishop James Cannon, Jr., for his activities in behalf of prohibition against Alfred E. Smith during the 1928 presidential campaign, came to the general conference of the Methodist Episcopal church here today.

The charges will come by mail from the Rev. Rembert Smith of Washington, Ga., according to the Rev. W. A. Shelton of Emory University, Georgia, chairman of the North Georgia conference. At the general conference they will be addressed to the Episcopal committee of which F. P. Culver of the central Texas conference is chairman.

TEN YALE STUDENTS CHARGED WITH RIOTING

New Haven, Conn., May 9.—(U.P.)—Ten students of Yale university, four of them with bandages wrapped around their heads, were arraigned in city court today in connection with rioting at the university last night.

Fines of \$15 for general breach of the peace were imposed upon eight of them. Police subdued the rioters by vigorously wielding night sticks against six policemen and at least twice that many students had been injured.

Fourteen students were arrested, including two campus leaders who had been sent by Dean Clarence W. Mendell to quiet the rioters which was said to have started in Berkeley oval, freshmen dormitory.

12 HOURS RAIN BRINGS FLOOD IN SOUTHWEST

Memphis, Tenn., May 9.—(U.P.)—More than 12 hours of continuous rainfall today sent streams in Arkansas, Mississippi and western Tennessee to flood peaks.

Mississippi, where half a dozen streams were out of their banks, was hardest hit. Crops in lowland sections were damaged and various highways were under water.

Bridges on the Sunflower river, between Clarksdale, Miss., and Tunica, Miss., were washed out.

Standard Oil of East Advances Tank Car Gas

New York, May 9.—(U.P.)—Standard Oil of New Jersey has advanced the tank car price of gasoline 1-2 cent to 9 cents a gallon, it was announced here today.

UNPRECEDENTED FLOODS SWEEP ISLAND OF CEYLON

Colombo, Island of Ceylon, May 9.—(U.P.)—Thousands of natives were homeless today as unprecedented floods swept the island after several days of torrential rains.

The electric plant here was submerged, and the city was without lights last night.

Railway service was completely disorganized, and the floods still were rising.

THOUSANDS WITNESS LOCAL BOOTH DAILY

Average Attendance at Chicago Outdoor Exposition Placed Over 30,000

LITERATURE IN DEMAND

Minnesota Vacationers of Previous Years Sure to Return; Others Plan to Come

Attendance at the Chicago Outdoor Exposition where Brainerd and the lake district has an attractive display is averaging over 30,000 people every day, Benn Wagner, in charge of the exhibit sponsored by the Brainerd Chamber of Commerce writes to the Brainerd Dispatch.

"The crowd starts pouring in about noon and continues through the afternoon until the evening when people become a steady surging volume until about 10:30 p. m.," Mr. Wagner writes.

"One gets the impression that a large percentage of the attendance is simply killing time around the booths but there are a lot of people who are really looking for vacation information. Some have definitely decided to come to Minnesota, many have been there and are planning to come again this year. Others are not satisfied with their present vacation places and are gathering new information.

"Visiting around with the different exhibitors who have been here several years, we are told that the secret of success here lies in persistent exhibiting, that is being here every year.

"Our 'Land O' Hiawatha' folders are in big demand and people are beginning to ask for them because someone else has them. We have been able to get a lot of ideas as to what a folder should contain, based upon the questions that are asked.

"Mr. Ramsey's beavers are a means of drawing many people our way. When the Indian dances are on he gets the big black beaver out of the tank and carries him like a baby and when the crowd is ready to leave, here he comes at the head of the procession with several hundred people following him.

"Michigan has a 'Land O' Hiawatha' and their booth is decorated with colored pictures, hundreds of them. The Michigan section is extremely interesting because of the large display of live fishes and animals," his letter stated.

Besides Brainerd's and George L. Ramsey's exhibit from the North American Beaver Farm 12 miles west of Brainerd, there are two other exhibits from this district at the exposition, one from Brainerd-Pine Beach hotel and another from Rutger's Bay Lake resort.

Bemidji also has a display at the exposition which is in charge of Dr. A. V. Garlock.

Recently the Bemidji Chamber of Commerce thanked the Brainerd Chamber of Commerce for cooperation in tourist advertising.

COURT ATTACHES PAY INDIAN WOMAN'S FARE

Duluth, May 9.—Mary Butterfly, an aged Cass Lake reservation Indian woman, returned home last night to take in the family washing, but only after Federal District Judge John B. Sanborn and court attaches took up a collection to pay her fare.

The woman had been arrested for illegally possessing intoxicating liquor. Hilding Swanson of Brainerd, an attorney, took up the woman's cause and pleaded her case. Swanson informed the court that the pint of liquor found in the house by an Indian agent had been left there by a white man.

Judge Sanborn imposed a fine of \$500 and placed the woman on probation to E. A. Allen, superintendent of the Consolidated Indian Agency at Cass Lake. After the sentencing it was found that the woman lacked money with which to return home. The aged Indian explained that before coming to Duluth Thursday she had hung out her week's washing.

Judge Sanborn then suggested raising a "pot" which met with approval of the court attaches and the money was raised in a few seconds.

"BLOOM IS OFF THE ROSE IN THE MERGER BUSINESS"

JAMES FARRELL, PRESIDENT U. S. STEEL CORPORATION, MAKES STATEMENT

"MUST NOW GIVE UNDIVIDED ATTENTION TO BUSINESS"

New York, May 9.—(U.P.)—Leaders of the steel industry, meeting in the iron and steel institute today agreed that the business situation can be viewed with equanimity, urged more attention to small business by financiers and exposed somewhat divergent views upon the question of mergers.

Charles M. Schwab, chairman of Bethlehem Steel Company, told the institute that mergers were a natural business development. But James Farrell, president of the United States Steel Corporation, told his hearers that the "bloom is off the rose" as far as mergers are concerned.

"We must now begin to give our undivided attention to business," said Farrell after reviewing a bit of the past of large industry.

"To merge or not to merge, that is the question," he went on. "Some think that unless we merge we will be submerged. The best thing we can do is to emerge."

"I think the bloom is off the rose in the merger business. I think people will make as much money out of what they have as they will out of what they expect to get."

Farrell, turning to the question of labor, said that any company which operated its plants 12 hours a day, seven days a week "should be made known to the public."

AIRPLANE SHIPMENTS OF LIQUOR FROM CANADA TO U. S.

Chicago, May 9.—(U.P.)—Airplane shipments from Canada to Chicago of 14,000 cases of liquor worth more than \$1,000,000, were revealed by federal agents a day announced that "Scarface Al" Capone's brother, Ralph, was under promise to surrender himself today.

This amazing disclosure of smuggling operations carried on by a liquor syndicate alleged to be headed by Ralph Capone came as the aftermath of sudden raids yesterday on two of his night clubs—Greyhound Inn and the Cotton club.

Typical Capone genius in organizing illegal enterprises on a big business scale, was discerned in the smuggling plot which operatives of the federal prohibition department have had under investigation for the past several months.

Two cabin monoplanes, one a trimotored Fokker worth \$60,000, have been used in transporting the syndicate's wholesale purchases of Scotch and Bourbon whiskeys from Windsor, Ont., federal agents reported.

Warrants now out name besides Capone three others who were said to be known as Rasputin, Goldie and Logan. Rasputin, formerly of New York, recently was employed ostensibly as a doorman at Capone's Cotton club.

JUDGE DECLARES PROOF OF AGENCY LACKING IN CASE

Courtroom, Sheboygan, Wis., May 9.—(U.P.)—The foundation of the state's case against Gov. Walter Kohler was swept away in his ouster trial today, when Judge Gustav Geer excluded exhibits the prosecution desired to present.

These exhibits showed campaign transactions of the state republican committee. Judge Geer declared that proof of agency between the governor and the committee was lacking.

Vote Unfavorable on Couzens Resolution Concerning Mergers

Washington, May 8.—(U.P.)—The senate interstate commerce committee today submitted an unfavorable report on the Couzens resolution to suspend further railroad mergers until March 4, 1931. The committee vote was 9-9, necessitating an unfavorable report.

Chairman Couzens announced, however, that he will seek early action on the resolution in the senate in spite of the unfavorable report.

DARTS AFTER HIS TENNIS BALL AND IS HIT BY TRUCK

St. Paul, May 9.—(U.P.)—Darting into the street after a tennis ball he had been playing with brought death to Robert Piegras, 4. His chest was crushed under the wheels of a truck driven by John Shanley, who said the accident was unavoidable. Shanley was questioned by police at an investigation today.

Another 4-year-old lad, Howard Hansen, suffered a fractured skull when he ran into the street and was struck by an automobile.

TORNADO AT HASTINGS, NEB., DURING NIGHT

INHABITANTS TURN ATTENTION TO REHABILITATING HOMES AND INDUSTRIES

ONE MAN KILLED IN WIND AND RAIN CAUSING DAMAGE OF \$125,000

Hastings, Neb., May 9.—(U.P.)—Citizens of this little south central Nebraska community who for the past week have aided storm stricken farmers, today turned to rehabilitating their own homes and industries after a severe tornado and rainstorm which caused damages upwards of \$125,000 overnight.

John T. Walters, of Hastings, was killed in the storm when the barn in which he was standing was carried away.

The storm was felt as far west as Minden, 30 miles away, where a high wind preceded a heavy rain storm, and reached to Harvard, 16 miles to the east.

The tornado damaged or destroyed between 40 and 50 homes on the north side of town and unroofed the Bible house of Hastings college. Hall which fell after the storm broke windows in all parts of the town. None were reported hurt, occupants of the houses miraculously escaping with their lives.

Faribault, Minn., May 9.—Citizens today were clearing away the wreckage left by a 60-mile an hour gale which swept over the community last night. Damage estimated at \$8,000 was done by the high wind which tore the roofs off two buildings, disrupted wire communication and felled trees.

Candidates for Judge are Announced by Holm

St. Paul, May 9.—The following candidates for district judge filed with Secretary of State Mike Holm for nomination in the June primary:

First district, W. A. Schultz, South St. Paul.

Tenth district, Norman E. Peterson, Albert Lea.

Eleventh district, Edward Freeman, Virginia. Henry J. Grannis, Duluth; Edwin J. Kenny, Duluth.

Fifteenth district, Frank E. Ebner, Brainerd; Michael E. Ryan, Brainerd; and Alfred L. Thwing, Grand Rapids.

Sixteenth district, Stephen A. Flaherty, Morris.

Nineteenth district, Alfred P. Stolberg, Center City.

Of the 19 judicial districts, only the foregoing filed with secretary of state; the others filed with the county auditors.

DR. ANDRE J. BASS ATTEMPTS SUICIDE

Bentonville, Ark., May 9.—(U.P.)—Dr. Andre J. Bass who confessed to implication in the slaying of William Pearman of Columbia, Mo., in a plot to collect insurance, attempted to end his life in his cell here during the night, it was learned today.

Dr. Bass slashed his arm deeply with a safety razor blade. Jail officials said they reached him just in time to prevent his bleeding to death. He was in a serious condition.

A note was found in the cell in which the doctor expressed appreciation to the sheriff and jail attendants for their courtesies toward him. He had asked that his body be sent to his wife and family at Columbia.

RUMORS GROW OF ATTACKS BY REVOLUTIONARIES

CENTER OF DISTURBED AREA APPEARS TO BE IN VICINITY OF POONA

MAHATMA GANDHI WAS IMPRISONED THERE AFTER HIS ARREST NEAR SURAT

By FRANCIS LOW (United Press Staff Correspondent) Bombay, May 9.—The most stringent precautions for the protection of Europeans in India were taken by the government today as rumors of impending attacks by independence seekers were received in Bombay.

The center of the disturbed area appeared to be in the vicinity of Poona, where Mahatma Gandhi was imprisoned after his arrest near Surat last Monday.

All European inhabitants of Telang, 30 miles from Poona, were warned to evacuate the city before noon today, reports received here said. The warning was issued by authorities after they learned an Indian mob planned a raid on a glass factory.

Two trainloads of European women and children arrived at Poona today from Sholapur, where the most serious rioting since Mahatma Gandhi began his passive resistance drive for Indian independence broke out yesterday.

They reported 50 persons were killed in the Sholapur riots, at least six of whom were police who were beaten to death and burned in the public square by the angry, roving bands of Indians. Between 300 and 400 were injured.

Reports from Sholapur today said the city was comparatively quiet.

The government here issued an official announcement today saying two policemen were killed and five others were missing and believed killed at Sholapur. Five rioters were killed and 24 given treatment at hospital.

The government, redoubling its efforts to keep peace in India, ordered the Duke of Wellington's regiment to rush to Sholapur from Ahmednagar, a distance of 125 miles. The regiment was to assist Sholapur police in coping with a situation that was rapidly getting out of hand.

Thousands of angry Indians composed the mob that raged through Sholapur, burning and murdering. They set fire to the district courthouse and burned several liquor shops, divided into two groups, they then attacked police from front and rear.

Lahore, India, May 9.—Communications in the Punjab were disrupted temporarily today when telegraph lines near Amritsar and cable wires in the Ludhiana district were cut.

Dacoits—wandering groups of robbers—were believed responsible. Police and the telegraph department took special precautions to prevent further such occurrences.

There was considerable apprehension here over the possibility of communal riots in Lahore and elsewhere in India tomorrow when the Moslems celebrate their festival of Iduzha commemorating Abraham's sacrifice of Isaac.

In past years, the festival has caused many conflicts between Moslems and Hindus, and in view of the present strained situation, the prospect was not encouraging. British authorities have appealed to Moslems to hold their sacrifices privately so as not to offend the Hindus, who consider cows and goats sacred and resent their slaughter at Moslem hands.

Three arrests on charges of sedition were made, and prison sentences imposed. It was reported that the temples at Amritsar were picketed by independence seekers, and that only Indians wearing homespun were allowed to enter.

A group of Moslem leaders in northern India sent a statement to the British government through the Moslem press which in effect was an ultimatum.

"Protect our rights and we will crush the civil disobedience movement without help from the government of India," the statement declared.

The Moslems blamed the present situation on what they called governmental apathy in the face of activities of the national congress and Hindu political parties, combined with the government's alleged failure to protect the rights of the Moslems and encourage those who co-operated with the government. Consequently, the statement continued, the government is losing the confidence of frontier Moslems.

London, May 9.—The personnel of the British legation formerly stationed at Kabul, Afghanistan, returned to that capital today from Peshawar, India, an Exchange Telegraph dispatch from Bombay said.

The legation was evacuated from Kabul during the revolutions and counter-revolutions in Afghanistan a year ago which resulted in the abdication of King Amanullah.

Col. John Gerald McConaghy is head of the new legation, succeeding Sir Francis Humphreys, who formerly was minister to Afghanistan.

The bandits swarmed through the district for four days, starting April 23. Killing without mercy, they slaughtered women and children and pillaged their homes, the advices said.

The raid was the worst of many reported in recent months, the last major attack occurring within a few hundred miles of the nationalist capital, Nanking.

Honan province and other northern interior regions have been the prey of wandering bandit hordes for more than a year. Lack of food has forced many persons to join the bandits, and they have swarmed over some interior regions like wandering armies, well armed and ruthless.

There were between 3,000 and 4,000 bandits in the band that invaded the Yung-Yang district. Almost every home was looted or burned and residents who did not readily give up their goods were tortured and slain. Many small villages were desolated in the attack.

After three days of pillage the bandits rounded up 500 prisoners, forced them to shoulder the loot and marched them off to be held for ransom.

CHARGES TO BE FILED AGAINST BISHOP CANNON

Dallas, Texas, May 9.—(U.P.)—First direct word of the charges to be filed against Bishop James Cannon, Jr., for his activities in behalf of prohibition against Alfred E. Smith during the 1928 presidential campaign, came to the general conference of the Methodist Episcopal church here today.

The charges will come by mail from the Rev. Rembert Smith of Washington, Ga., according to the Rev. W. W. Shelton of Emory University, Georgia, chairman of the North Georgia conference. At the general conference they will be addressed to the Episcopacy committee of which F. P. Culver of the central Texas conference is chairman.

TEN YALE STUDENTS CHARGED WITH RIOTING

New Haven, Conn., May 9.—(U.P.)—Ten students of Yale university, four of them with bandages wrapped around their heads, were arraigned in city court today in connection with rioting at the university last night.

Fines of \$15 for general breach of the peace were imposed upon eight of them. Police subdued the rioters by vigorously wielding night sticks after six policemen and at least twice that many students had been injured.

Fourteen students were arrested, including two campus leaders who had been sent by Dean Clarence W. Mendell to quiet the rioters which was said to have started in Berkeley oval, freshmen dormitory.

12 HOURS RAIN BRINGS FLOOD IN SOUTHWEST

Memphis, Tenn., May 9.—(U.P.)—More than 12 hours of continuous rainfall today sent streams in Arkansas, Mississippi and western Tennessee to flood peaks.

Mississippi, where half a dozen streams were out of their banks, was hardest hit. Crops in lowland sections were damaged and various highways were under water.

Bridges on the Sunflower river, between Clarkdale, Miss., and Tunica, Miss., were washed out.

Standard Oil of East Advances Tank Car Gas

New York, May 9.—(U.P.)—Standard Oil of New Jersey has advanced the tank car price of gasoline 1-2 cent to 9 cents a gallon, it was announced here today.

UNPRECEDENTED FLOODS SWEEP ISLAND OF CEYLON

Colombo, Island of Ceylon, May 9.—(U.P.)—Thousands of natives were homeless today as unprecedented floods swept the island after several days of torrential rains.

The electric plant here was submerged, and the city was without lights last night. Railway service was completely disorganized, and the floods still were rising.

THOUSANDS WITNESS LOCAL BOOTH DAILY

Average Attendance at Chicago Outdoor Exposition Placed Over 30,000

LITERATURE IN DEMAND Minnesota Vacationers of Previous Years Sure to Return; Others Plan to Come

Attendance at the Chicago Outdoor Exposition where Brainerd and the lake district has an attractive display is averaging over 30,000 people every day, Benn Wagner, in charge of the exhibit sponsored by the Brainerd Chamber of Commerce writes to the Brainerd Dispatch.

"The crowd starts pouring in about noon and continues through the afternoon until the evening when people become a steady surging volume until about 10:30 p. m.," Mr. Wagner writes.

"One gets the impression that a large percentage of the attendance is simply killing time around the booths but there are a lot of people who are really looking for vacation information. Some have definitely decided to come to Minnesota, many have been there and are planning to come again this year. Others are not satisfied with their present vacation places and are gathering new information."

"Visiting around with the different exhibitors who have been here several years, we are told that the secret of success here lies in persistent exhibiting, that is being here every year."

"Our 'Land O' Hiawatha' folders are in big demand and people are beginning to ask for them because someone else has them. We have been able to get a lot of ideas as to what a folder should contain, based upon the questions that are asked."

"Ramsey's beavers are a means of drawing many people our way. When the Indian dances are on he gets the big black beaver out of the tank and carries him like a baby and when the crowd is ready to leave, here he comes at the head of the procession with several hundred people following him."

"Michigan has a 'Land O' Hiawatha' and their booth is decorated with colored pictures, hundreds of them. The Michigan section is extremely interesting because of the large display of live fishes and animals," his letter stated.

Besides Brainerd's and George L. Ramsey's exhibit from the North American Beaver Farm 12 miles west of Brainerd, there are two other exhibits from this district at the exposition, one from Brainerd-Pine Beach hotel and another from Rutger's Bay Lake resort.

Bemidji also has a display at the exposition which is in charge of Dr. A. V. Garlock.

Recently the Bemidji Chamber of Commerce thanked the Brainerd Chamber of Commerce for cooperation in tourist advertising.

COURT ATTACHES PAY INDIAN WOMAN'S FARE

Duluth, May 9.—Mary Butterly, an aged Cass Lake reservation Indian woman, returned home last night to take in the family washing, but only after Federal District Judge John B. Sanborn and court attaches took up a collection to pay her fare.

The woman had been arrested for illegally possessing intoxicating liquor, finding Swanson of Brainerd, an attorney, took up the woman's case and pleaded her case. Swanson informed the court that the pint of liquor found in the house by an Indian agent had been left there by a white man.

Judge Sanborn imposed a fine of \$500 and placed the woman on probation to E. A. Allen, superintendent of the Consolidated Indian Agency at Cass Lake. After the sentencing it was found that the woman lacked money with which to return home.

The aged Indian explained that before coming to Duluth Thursday she had hung out her week's washing. Judge Sanborn then suggested raising a "pot" which met with approval of the court attaches and the money was raised in a few seconds.

"BLOOM IS OFF THE ROSE IN THE MERGER BUSINESS"

JAMES FARRELL, PRESIDENT U. S. STEEL CORPORATION, MAKES STATEMENT

"MUST NOW GIVE UNDIVIDED ATTENTION TO BUSINESS"

New York, May 9.—(U.P.)—Leaders of the steel industry, meeting in the iron and steel institute today agreed that the business situation can be viewed with equanimity, urged more attention to small business by financiers and exposed somewhat divergent views upon the question of mergers.

Charles M. Schwab, chairman of Bethlehem Steel Company, told the institute that mergers were a natural business development. But James Farrell, president of the United States Steel Corporation, told his hearers that the "bloom is off the rose" as far as mergers are concerned.

"We must now begin to give our undivided attention to business," said Farrell after reviewing a bit of the past of large industry.

"To merge or not to merge, that is the question," he went on. "Some think that unless we merge we will be submerged. The best thing we can do is to emerge."

"I think the bloom is off the rose in the merger business. I think people will make as much money out of what they have as they will out of what they expect to get."

Farrell, turning to the question of labor, said that any company which operated its plants 12 hours a day, seven days a week "should be made known to the public."

AIRPLANE SHIPMENTS OF LIQUOR FROM CANADA TO U. S.

Chicago, May 9.—(U.P.)—Airplane shipments from Canada to Chicago of 14,000 cases of liquor worth more than \$1,000,000, were revealed by federal agents a they announced that "Scarface Al" Capone's brother, Ralph, was under promise to surrender himself today.

This amazing disclosure of smuggling operations carried on by a liquor syndicate alleged to be headed by Ralph Capone came as the aftermath of sudden raids yesterday on two of his night clubs—Greyhound Inn and the Cotton club.

Typical Capone genius in organizing illegal enterprises on a big business scale, was discerned in the smuggling plot which operatives of the federal prohibition department have had under investigation for the past several months.

Two cabin monoplanes, one a trimotored Fokker worth \$60,000, have been used in transporting the Syndicate's wholesale purchases of Scotch and Bourbon whiskeys from Windsor, Ont., federal agents reported.

Warrants now out name besides Capone three others who were said to be known as Rasputin, Goldie and Logan. Rasputin, formerly of New York, recently was employed ostensibly as a doorman at Capone's Cotton club.

JUDGE DECLARES PROOF OF AGENCY LACKING IN CASE

Courtroom, Sheboygan, Wis., May 9.—(U.P.)—The foundation of the state's case against Gov. Walter J. Kohler was swept away in his ouster trial today, when Judge Gustav Geerz excluded exhibits the prosecution desired to present.

These exhibits showed campaign transactions of the state republican committee. Judge Geerz declared that proof of agency between the governor and the committee was lacking.

Vote Unfavorable on Couzens Resolution Concerning Mergers

Washington, May 8.—(U.P.)—The senate interstate commerce committee today submitted an unfavorable report on the Couzens resolution to suspend further railroad mergers until March 4, 1931. The committee vote was 9-9, necessitating an unfavorable report.

Chairman Couzens announced, however, that he will seek early action on the resolution in the senate in spite of the unfavorable report.

DARTS AFTER HIS TENNIS BALL AND IS HIT BY TRUCK

St. Paul, May 9.—(U.P.)—Darting into the street after a tennis ball he had been playing with brought death to Robert Piegras, 4. His chest was crushed under the wheels of a truck driven by John Shanley, who said the accident was unavoidable. Shanley was questioned by police at an investigation today.

Another 4-year-old lad, Howard Hansen, suffered a fractured skull when he ran into the street and was struck by an automobile.

TORNADO AT HASTINGS, NEB., DURING NIGHT

INHABITANTS TURN ATTENTION TO REHABILITATING HOMES AND INDUSTRIES

ONE MAN KILLED IN WIND AND RAIN CAUSING DAMAGE OF \$125,000

Hastings, Neb., May 9.—(U.P.)—Citizens of this little south central Nebraska community who for the past week have aided storm stricken farmers, today turned to rehabilitating their own homes and industries after a severe tornado and rainstorm which caused damages upwards of \$125,000 overnight.

John T. Walters, of Hastings, was killed in the storm when the barn in which he was standing was carried away.

The storm was felt as far west as Minden, 30 miles away, where a high wind preceded a heavy rain storm, and reached to Harvard, 16 miles to the east.

The tornado damaged or destroyed between 40 and 50 homes on the north side of town and wrecked the Edin house of Hastings college. Hall which fell after the storm broke windows in all parts of the town. None were reported hurt, occupants of the houses miraculously escaping with their lives.

Faribault, Minn., May 9.—Citizens today were clearing away the wreckage left by a 60-mile an hour gale which swept over the community last night. Damage estimated at \$8,000 was done by the high wind which tore the roofs off two buildings, disrupted wire communication and felled trees.

Candidates for Judge are Announced by Holm

St. Paul, May 9.—The following candidates for district judge filed with Secretary of State Mike Holm for nomination in the June primary:

Fifteenth district, Frank E. Ebner, Brainerd; Michael E. Ryan, Brainerd; and Alfred L. Thwing, Grand Rapids.

Sixteenth district, Stephen A. Flaherty, Morris.

Nineteenth district, Alfred P. Stolberg, Center City.

Of the 19 judicial districts, only the foregoing file with secretary of state; the others filed with the county auditors.

DR. ANDRE J. BASS ATTEMPTS SUICIDE

Bentonville, Ark., May 9.—(U.P.)—Dr. Andre J. Bass who confessed to implication in the slaying of William Pearman of Columbia, Mo., in a plot to collect insurance, attempted to end his life in his cell here during the night, it was learned today.

Dr. Bass slashed his arm deeply with a safety razor blade. Jail officials said they reached him just in time to prevent his bleeding to death. He was in a serious condition.

A note was found in the cell in which the doctor expressed appreciation to the sheriff and jail attendants for their courtesies toward him. He had asked that his body be sent to his wife and family at Columbia.

RUMORS GROW OF ATTACKS BY REVOLUTIONARIES

CENTER OF DISTURBED AREA APPEARS TO BE IN VICINITY OF POONA

MAHATMA GANDHI WAS IMPRISONED THERE AFTER HIS ARREST NEAR SURAT

By FRANCIS LOW (United Press Staff Correspondent) Bombay, May 9.—The most stringent precautions for the protection of Europeans in India were taken by the government today as rumors of impending attacks by independence seekers were received in Bombay.

The center of the disturbed area appeared to be in the vicinity of Poona, where Mahatma Gandhi was imprisoned after his arrest near Surat last Monday.

All European inhabitants of Telagaon, 30 miles from Poona, were warned to evacuate the city before noon today, reports received here said. The warning was issued by authorities after they learned an Indian mob planned a raid on a glass factory.

Two trainloads of European women and children arrived at Poona today from Sholapur, where the most serious rioting since Mahatma Gandhi began his passive resistance drive for Indian independence broke out yesterday.

They reported 50 persons were killed in the Sholapur riots, at least six of whom were police who were beaten to death and burned in the public square by the angry, roving bands of Indians. Between 300 and 400 were injured.

Reports from Sholapur today said the city was comparatively quiet.

The government here issued an official announcement today saying two policemen were killed and five others were missing and believed killed at Sholapur. Five rioters were killed and 24 given treatment at hospital.

The government, redoubling its efforts to keep peace in India, ordered the Duke of Wellington's regiment to rush to Sholapur from Ahmednagar, a distance of 125 miles. The regiment was to assist Sholapur police in coping with a situation that was rapidly getting out of hand.

Thousands of angry Indians composed the mob that raged through Sholapur, burning and murdering. They set fire to the district courthouse and burned several liquor shops, divided into two groups, they then attacked police from front and rear.

Lahore, India, May 9.—Communications in the Punjab were disrupted temporarily today when telegraph lines near Amritsar and cable wires in the Ludhiana district were cut.

Dacoits—wandering groups of robbers—were believed responsible. Police and the telegraph department took special precautions to prevent further such occurrences.

There was considerable apprehension here over the possibility of communal riots in Lahore and elsewhere in India tomorrow when the Moslems celebrate their festival of Iduzaa commemorating Abraham's sacrifice of Isaac.

In past years, the festival has caused many conflicts between Moslems and Hindus, and in view of the present strained situation, the prospect was not encouraging. British authorities have appealed to Moslems to hold their sacrifices privately so as not to offend the Hindus, who consider cows and goats sacred and resent their slaughter at Moslem hands.

Three arrests on charges of sedition were made, and prison sentences imposed. It was reported that the temples at Amritsar were picketed by independence seekers, and that only Indians wearing homespun were allowed to enter.

A group of Moslem leaders in northern India sent a statement to the British government through the Moslem press which in effect was an ultimatum.

"Protect our rights and we will crush the civil disobedience movement without help from the government of India," the statement declared.

The Moslems blamed the present situation on what they called governmental apathy in the face of activities of the national congress and Hindu political parties, combined with the government's alleged failure to protect the rights of the Moslems and encourage those who co-operated with the government. Consequently, the statement continued, the government is losing the confidence of frontier Moslems.

London, May 9.—The personnel of the British legation formerly stationed at Kabul, Afghanistan, returned to that capital today from Peshawar, India, an Exchange Telegraph dispatch from Bombay said.

The legation was evacuated from Kabul during the revolutions and counter-revolutions in Afghanistan a year ago which resulted in the abdication of King Amanullah.

Col. John Gerald McConaghy is head of the new legation, succeeding Sir Francis Humphreys, who formerly was minister to Afghanistan.

PAINT SCENES FOR STORY OF SEA COAST

The high school operetta "The Nautical Knot," is rapidly being whipped into shape for presentation next Friday. The various departments of the school are cooperating to make it a success. As the equipment of the auditorium did not include any scenery appropriate for a story of the sea coast, the art department under Miss Madge True's direction is preparing a set that will transport the audience to the coast of New England and give the proper setting for sailors home from the sea.

The art class is exceedingly busy. To paint a drop 40 by 18 feet is in itself a tremendous undertaking, and any afternoon the stage is a scene of great activity. Buckets of paint stand around, boys on stepladders paint a blue sky, clouds come into being, far away a light house looms, stones resolve themselves into walls at which the abandoned Barnstable girls may gaze longingly for the return of the sailors, comments from Miss True, who is sitting in the auditorium to get the effect of shadows, break the stillness, girls in dainty dresses become transformed in no time to overalls boys bespattered with paint. All is activity.

My Housecleaning

THE clean-up season of the year is close at hand. Every housewife is now waiting for the first sign of spring in order to begin her annual task of making everything bright and clean.

The spring clean-up is an individual matter. No amount of organization will bring about a spic and span community unless citizens feel a certain pride in their own homes and premises.

Taking it for granted, says the Slayton Gazette, that people in every town will fall in line when the time comes for this clean-up, this matter recalls another housecleaning which can be applied to every individual, if he will adopt a set of rules for his own campaign.

Each person should consider "my housecleaning" along with the other applications to which housecleaning is applied. A good code of ethics for "my housecleaning" may be found in the following:

I will repair my friendships that show signs of wearing out, not through use, but through the abuse of neglect.

I will consign to the scrap heap my disappointments and blasted hopes, just as a housekeeper throws away a cracked vase.

I will air my smiles and good will instead of my personal opinion, in the humble hope that my neighborhood may be a bit better for my so doing.

I will beat my past production record even if it takes considerable effort to do it.

I will scrub the grimy footprints of fear from my mind and put up a sign, "No trespassing."

I will take as definite and defiant a stand against waste and extravagance as a good housekeeper takes against dirt and disorder.

Night Baseball

PLAYING baseball at night was tried out at Des Moines, Iowa, recently and seems to have been successful insofar as the playing is concerned. Flood lights advantageously placed enabled the players to put on a fast game.

Any innovation of course attracts people and there was a good crowd present, but many left before the game was over. Some claim they could not see as well as in the daytime, it required more effort to follow the plays.

There was not the infectious enthusiasm of an afternoon crowd which is always composed of dyed-in-the-wool fans who appreciate baseball. The proposal of night baseball is viewed with concern by the various amusement enterprises which previously did not have baseball as a competitor.

One thing is certain, if the playing is brought to a high standard and spectators are able to see distinctly, it will enable more fans to go to a game than in daylight.

NORTHWEST farmers have been urged to "keep books" on their cows. The milk testing association sponsored by the University of Minnesota will tend to let farmers know the exact standing of their herds and will do much to eliminate the boarder cows.

Alfred L. Thwing

of Grand Rapids, state senator from the 52nd legislative district for the past eight years, who came to Brainerd today to open his campaign for the office of District Judge of the 15th Judicial District in the home territorial grounds of the two opposing candidates, F. E. Ebner, Sr., and Judge M. E. Ryan.

Thwing announced he had visited friends on the range and would be in the Brainerd area for two days. He was born in Fond du Lac, Wis., April 1, 1876 and came to Minnesota in 1897, residing in Minneapolis and in Duluth and in Grand Rapids since May, 1901. He is a graduate of the Duluth high school and University of Minnesota law department in 1899 and has been active in general law practice for over 30 years.

CAPTAIN A. MCKINLEY SPEAKS IN NEWS REEL

The news reel now showing at the Brainerd Paramount theatre contains a talk by Captain Ashley McKinley, former Brainerd boy, on experiences of men and Admiral Richard Byrd at the Antarctic expedition.

Captain McKinley has just returned from the South Pole where he flew with Byrd on the survey over the south pole. He tells of temperature existing and of the camp quarters of the men, explaining that in spite of severe conditions there was not one argument among the men.

The Captain stated that he would like to make the trip again provided Byrd would be at the head of the expedition. McKinley may visit relatives here this summer.

As an added feature of the show

A Chinese Proverb Says:

"A real lover is truly a son of the gods."

Such a man is due in our midst; so, fair maidens of Brainerd, beware! This goes for some of you married girls too!

Miss Georgia Drexler lead the audience in the singing of community songs.

THIS MESSAGE IS FOR MILLIONS

ALL-BRAN Is Health News to Them

Millions know that headaches, general depression and other ailments are caused by constipation. They know that cathartics, pills and patent medicines will not effect permanent relief. They will be keenly interested in the natural, effective remedy for constipation that experience has revealed to other millions.

Kellogg's ALL-BRAN is eaten everywhere today for the relief and prevention of constipation. This delicious cereal adds roughage to the diet that is absolute assurance against this dreaded disease. Kellogg's ALL-BRAN is guaranteed to relieve both temporary and recurring constipation.

Kellogg's ALL-BRAN is the original ALL-BRAN. It not only prevents constipation, but contains abundant iron that enriches the blood and brings the radiant glow of health to the complexion. With milk or fruit juices, it also brings important vitamins.

Eating Kellogg's ALL-BRAN daily is a most healthful habit. It is especially essential in reducing diets.

Your grocer has Kellogg's ALL-BRAN in the red-and-green package. Served everywhere. Made by Kellogg in Battle Creek.

How many
RED TOP STEEL POSTS
will you need this season?

YOU can get many extra years of service from your standing fence lines if you will remove each year the rotting wood posts and replace them with Red Tops. In this way, by degrees and with the outlay of but little money at any one time, you can give your fence lines an entirely new foundation—get more years of service from the fencing. Then when new wire is needed your permanent Red Top Fence Posts are already in place.

Right now is a good time to check your fence lines. Count up the number of Red Tops you will need for replacements. Include the number you will need for the new boundary and cross fences that you plan to build and add to the list several extra bundles of Red Tops to keep handy on the farm—for emergency fence repairs and for the movable or temporary fence that you will want to throw up in a hurry throughout the season.

Come in and let us show you on a Red Top post the exclusive features that make it the best steel post your money can buy.

MAJOR LEAGUE BASEBALL HAS REACHED CRUCIAL STAGE

ATHLETICS LEAD AMERICAN CLAN BY HALF GAME

STIRBLING IN TECHNICAL KO OVER SCHONRATH

THEY WILL BATTLE THE SECOND PLACE CLEVELAND INDIANS

NEW YORK GIANTS WILL INVADE CHICAGO, DEFENDING SLIGHT LEAD

New York, May 9. — (U.P.) — Major league baseball today reached the "crucial series" stage with the leading clubs in the two leagues inaugurating four-game series against runners-up for honors.

Philadelphia's world champion Athletics, now leading the American League flag chase by a half-game margin, will entertain the second place Cleveland Indians, while the New York Giants will invade Chicago to defend their .011 point lead over the Cubs, 1929 National League champions.

The Philadelphia-Cleveland series promises to be bitterly contested. The Indians have set a fast pace this season despite injuries to many regulars, and appear likely to furnish the Athletics with their most dangerous competition for the 1936 pennant.

While leaders in the two leagues are engaged in cut-throat competition they face additional threats from the third place clubs which are within

striking distance of the top. Pittsburgh is little more than a game behind the Giants and Washington is only half a game behind the Athletics.

(By United Press)

The New York Yankees and the St. Louis Cardinals furnished the major league's outstanding disappointments as the 16 clubs changed opponents today for their third series of inter-sectional competition.

Other clubs had attained their expected levels but the Yanks and Cards, counted upon as strong first division contenders, were far in the rear. The Yankees have won only 7 of their 17 starts and hold sixth place in the American League, while the Cards are seventh in the National with 8 wins and 12 defeats.

"Wild Bill" Hallahan, who has been Manager Gabby Street's only reliable pitcher, was responsible for the Cards' defeat of the Philadelphia Phillies, 6 to 5, yesterday.

Philadelphia's Athletics regained undisputed possession of the American League lead, beating the St. Louis Browns, 7 to 3.

Rain halted the New York Yankees-Cleveland game in the second inning, dropping the Indians to second place.

The New York Giants outsluggered the Pittsburgh Pirates, taking a 10-inning contest, 13 to 10, to hold first place in the National League.

A four-run rally in the eighth inning enabled the Chicago Cubs to beat the

Brooklyn Robins, 7 to 4, and keep pace with the Giants.

Sad Sam Jones turned in his third consecutive victory for the Washington Senators, beating the Detroit Tigers, 8 to 5.

Cincinnati scored twice in the eighth inning on a walk, a scratch single and two sacrifices to beat the Boston Braves, 2 to 1.

Effective pitching by Jack Russell gave the Boston Red Sox their second consecutive win over the Chicago White Sox, 3 to 1.

American Association Tabs

St. Paul, May 9. — A home run in the seventh inning by Layne, Louisville outfielder, enabled the Colonels to defeat St. Paul, 2 to 1, and retain their lead in the American Association.

Kansas City, May 9. — Columbus garnered 14 hits off Sheehan and Peters, to take the final game of the series from the Kansas City Blues, 10 to 2. Eleven Blue hits off Winters failed to materialize into runs.

Minneapolis, May 9. — Warstler's wild throw to Connolly in the last of the ninth inning, with two out, allowed McCullough to score the winning run, Minneapolis defeating Indianapolis, 6 to 5. Warstler and Miller hit home runs.

Milwaukee, May 9. — A slugfest, in which Milwaukee employed five pitchers and Toledo four, resulted in the Mudhens' clean sweep of the three-game series, and the Brewers' sixth defeat. The score was 11 to 9.

GEORGIAN IN EXCELLENT FORM IN LONDON FIGHT

APPARENTLY TIRED GERMAN HEAVYWEIGHT, BOUT STOPPED IN SECOND

STIRBLING FLOORED TEUTON TWICE IN LAST ROUND, THEN REFEREE INTERVENED

London, May 9. — (U.P.) — W. L. "Young" Stribling, Georgia heavyweight, scored a technical knockout over Hans Schonrath of Germany last night after apparently tiring the German heavyweight until the bout was stopped in the second round.

Stribling was in excellent form, flooring Schonrath twice in the second round, the referee finally intervening to save him from further punishment. The young Georgia fighter intends to start training immediately for a bout with Pierre Charles of Belgium, European heavyweight champion, in Paris May 22. He already has signed for a 15-round bout with Phil Scott in London.

Milwaukee, Wis., May 9. — Eddie Anderson, 134, of Milwaukee, won an unpopular decision over Bruce Flowers, 137 3-4, New Rochelle, N. J., in a 10-round bout here last night. Tait Litt-

man, 161 1-4, Cudahy, Wis., defeated Jock Malone, 159 1-2, St. Paul, when the referee stopped the bout in the fourth round. Curtiss Brown, 143, Milwaukee, defeated Billy Blake, 143, Los Angeles, in six rounds.

LESS HEAT REQUIRED WHEN AIR IS MOIST

Steel-riveted and Gas-tight Lennox Torrid Zone Furnace Has Most Practical Humidifier

When air is dry, it must be held at a higher temperature for bodily comfort than when it contains a proper amount of humidity. As the heated air in most homes contains only 12% to 20% relative humidity (which is drier than the Sahara Desert) it follows that extra fuel is being burned to maintain a comfortable temperature. This extra fuel is one of the savings effected by the Lennox Torrid Zone Warm Air Furnace. Because the Torrid Zone humidifier has twice the evaporating area right inside the casing of ordinary water pans and is positioned for most efficient evaporation.

Extra fuel is also saved through the design of the Torrid Zone firepot and the oversized radiator. Combustion is more thorough and more heat is squeezed from the smoke and gases before they go up the chimney. This remarkable furnace is designed for hard or soft coal, coke, lignite, wood, gas or oil—and is built to outlast two or three ordinary furnaces. See the particular model for your home and your fuel. Made by the Lennox Furnace Company, Syracuse, N. Y. — Marshalltown, Iowa — Toronto, Canada.

Specify SWP and engage a good painter

Why SWP costs less on your house than any other paint

What will it cost to paint your house? This is what concerns you — not what the paint costs per gallon.

While fine old SWP costs more per gallon, it costs less on your home than any other paint. Why? Because one gallon of SWP will thoroughly paint almost twice as much surface as a gallon of cheaper paint. Therefore fewer gallons of SWP are needed.

So — ignoring the fact that SWP lasts twice as long as cheaper paint, and that its weatherproof colors retain their beauty to the very last — the first cost of painting your house with the world's best house paint is actually less than that of cheaper paint. Buy your paint on a job basis and save. Let us prove it to you by simple arithmetic.

SWP House Paint

The world's standard of house paint quality. SWP is made in one quality only and that the very best. Famous for long life and the permanency of its many beautiful colors. Covers more square feet of surface per gallon. Costs less on the house than cheaper paints at a lower price per gallon. Regular colors, per gallon — \$3.75

MAJOR LEAGUE BASEBALL HAS REACHED CRUCIAL STAGE

ATHLETICS LEAD AMERICAN CLAN BY HALF GAME

STRIBLING IN TECHNICAL KO OVER SCHONRATH

THEY WILL BATTLE THE SECOND PLACE CLEVELAND INDIANS

NEW YORK GIANTS WILL INVADE CHICAGO, DEFENDING SLIGHT LEAD

New York, May 9. — (UP) — Major league baseball today reached the "crucial series" stage with the leading clubs in the two leagues inaugurating four-game series against runners-up for honors.

Philadelphia's world champion Athletics, now leading the American League flag chase by a half-game margin, will entertain the second place Cleveland Indians, while the New York Giants will invade Chicago to defend their .911 point lead over the Cubs, 1929 National League champions.

The Philadelphia-Cleveland series promises to be bitterly contested. The Indians have set a fast pace this season despite injuries to many regulars, and appear likely to furnish the Athletics' with their most dangerous competition for the 1930 pennant.

While leaders in the two leagues are engaged in cut-throat competition they face additional threats from the third place clubs which are within

striking distance of the top. Pittsburgh is little more than a game behind the Giants and Washington is only half a game behind the Athletics.

(By United Press)

The New York Yankees and the St. Louis Cardinals furnished the major league's outstanding disappointments as the 16 clubs changed opponents today for their third series of inter-sectional competition.

Other clubs had attained their expected levels but the Yankees and Cards, counted upon as strong first division contenders, were far in the rear. The Yankees have won only 7 of their 17 starts and hold sixth place in the American League, while the Cards are seventh in the National with 8 wins and 12 defeats.

"Wild Bill" Hallahan, who has been Manager Gabby Street's only reliable pitcher, was responsible for the Cards defeating the Philadelphia Phillies, 6 to 5, yesterday.

Philadelphia's Athletics regained undisputed possession of the American League lead, beating the St. Louis Browns, 7 to 3.

Rain halted the New York Yankees-Cleveland game in the second inning, dropping the Indians to second place.

The New York Giants outslugged the Pittsburgh Pirates, taking a 10-inning contest, 13 to 10, to hold first place in the National League.

A four-run rally in the eighth inning enabled the Chicago Cubs to beat the

Brooklyn Robins, 7 to 4, and keep pace with the Giants.

Sad Sam Jones turned in his third consecutive victory for the Washington Senators, beating the Detroit Tigers, 8 to 5.

Cincinnati scored twice in the eighth inning on a walk, a scratch single and two sacrifices to beat the Boston Braves, 2 to 1.

Effective pitching by Jack Russell gave the Boston Red Sox their second consecutive win over the Chicago White Sox, 3 to 1.

American Association Tabs

St. Paul, May 9. — A home run in the seventh inning by Layne, Louisville outfielder, enabled the Colonels to defeat St. Paul, 2 to 1, and retain their lead in the American Association.

Kansas City, May 9. — Columbus garnered 14 hits off Sheehan and Peters, to take the final game of the series from the Kansas City Blues, 10 to 2. Eleven Blue hits off Winters failed to materialize into runs.

Minneapolis, May 9. — Warstler's wild throw to Connolly in the last of the ninth inning, with two out, allowed McCullough to score the winning run, Minneapolis defeating Indianapolis, 6 to 5. Warstler and Miller hit home runs.

Milwaukee, May 9. — A slugfest, in which Milwaukee employed five pitchers and Toledo four, resulted in the Mudhens' clean sweep of the three-game series, and the Brews' sixth defeat. The score was 11 to 9.

GEORGIAN IN EXCELLENT FORM IN LONDON FIGHT

APPARENTLY TIRED GERMAN HEAVYWEIGHT, BOUT STOPPED IN SECOND

STRIBLING FLOORED TEUTON TWICE IN LAST ROUND, THEN REFEREE INTERVENED

London, May 9. — (UP) — W. L. "Young" Stribling, Georgia heavyweight, scored a technical knockout over Hans Schonrath of Germany last night after apparently tiring the German heavyweight until the bout was stopped in the second round.

Stribling was in excellent form, flooring Schonrath twice in the second round, the referee finally intervening to save him from further punishment. The young Georgia fighter intends to start training immediately for a bout with Pierre Charles of Belgium, European heavyweight champion, in Paris May 22. He already has signed for a 15-round bout with Phil Scott in London.

Milwaukee, Wis., May 9. — Eddie Anderson, 134, of Milwaukee, won an unpopular decision over Bruce Flowers, 137 3-4, New Rochelle, N. J., in a 10-round bout here last night. Tait Litt-

man, 161 1-4, Cudahy, Wis., defeated Jock Malone, 159 1-2, St. Paul, when the referee stopped the bout in the fourth round. Curtiss Brown, 143, Milwaukee, defeated Billy Blake, 143, Los Angeles, in six rounds.

LESS HEAT REQUIRED WHEN AIR IS MOIST

Steel-riveted and Gas-tight
Lennox Torrid Zone
Furnace Has Most Practical
Humidifier

When air is dry, it must be heated at a higher temperature for bodily comfort than when it contains a proper amount of humidity. As the heated air in most homes contains only 12% to 20% relative humidity (which is drier than the Sahara Desert) it follows that extra fuel is being burned to maintain a comfortable temperature. This extra fuel is one of the savings effected by the Lennox Torrid Zone Warm Air Furnace. Because the Torrid Zone humidifier has twice the evaporating area right inside the casing of ordinary water pans and is positioned for most efficient evaporation.

Extra fuel is also saved through the design of the Torrid Zone firepot and the oversized radiator. Combustion is more thorough and more heat is squeezed from the smoke and gases before they go up the chimney. This remarkable furnace is designed for hard or soft coal, coke, lignite, wood, gas or oil—and is built to outlast two or three ordinary furnaces. See the particular model for your home and your fuel. Made by the Lennox Furnace Company, Syracuse, N. Y. — Marshalltown, Iowa — Toronto, Canada.

Why SWP costs less on your house than any other paint

What will it cost to paint your house? This is what concerns you — not what the paint costs per gallon.

While fine old SWP costs more per gallon, it costs less on your home than any other paint. Why? Because one gallon of SWP will thoroughly paint almost twice as much surface as a gallon of cheaper paint. Therefore fewer gallons of SWP are needed.

So — ignoring the fact that SWP lasts twice as long as cheaper paint, and that its weatherproof colors retain their beauty to the very last — the first cost of painting your house with the world's best house paint is actually less than that of cheaper paint. Buy your paint on a job basis and save. Let us prove it to you by simple arithmetic.

REV. T. M. KRAUSS, FAMILY HONORED

Presented With Gifts by Church Congregation; Pastor Accepts Spokane Post

Following the prayer meeting held last evening at the Evangelical church of Northeast Brainerd, a surprise was given by the members of the congregation on their pastor, Rev. T. M. Krauss and wife, who will leave shortly for their future home at Spokane, Wash. At the close of the meeting, Miss Mary Strickler, class leader, announced that S. H. Wooden, president of the board of trustees, had an announcement to make.

Clarence Avery then escorted Rev. Krauss to a chair and Miss Dorothy Hase escorted Mrs. Krauss, Richard being called to follow. The congregation then formed a family circle around them and Mr. Wooden, in behalf of those present, presented Rev. Krauss with a leather-bound Thompson chain reference Bible; Mrs. Krauss with a leather-bound Thompson chain reference Bible; Daniel Krauss (who is at present at LeMars, Iowa, was remembered with a beautiful fountain pen desk set and Richard was presented with a pencil.

In his presentation speech, Mr. Wooden spoke of the fine progress which had been made since Rev. Krauss came to the city, in the increased attendance both at church and prayer meeting. He also said his work with the pastor along the financial lines had been a real pleasure to him.

To Mrs. Krauss he said they hoped to see her alight from the train in Brainerd for a visit with them when on some of her travels in her state work.

All in the circle then extended their right hand of love toward them, wishing them God speed and expressing a continuation of their love to them in their work as they go to their new field. They admonished Rev. Krauss in using the Bible to continue "to preach the word in its power because it had been tried and tested and proven sure." Rev. and Mrs. Krauss responded in a very fitting manner, in which they expressed their appreciation of the good will of their friends.

Rev. Krauss will leave Monday for Spokane. Mrs. Krauss will leave the same day for Odessa where she will remain until the school term is over, at which time their son Daniel will join her from LeMars, and together with Richard will motor to Spokane.

Winnie Lightner Here Soon in New Warner Film

What happens to girls who can't say "No?"

This interesting question is answered in the Warner Bros. and Vitaphone production which comes to the Paramount Saturday only with the vivacious Winnie Lightner in the leading role of "She Couldn't Say No."

Winnie is one of those obliging souls who find themselves unable to refuse any request, but before the story has run its course she has occasion to wonder whether or not it is the best policy after all.

This dramatic production has a background of theatre and night clubs, and presents a new variation of the love triangle in these interesting settings.

WILLING OAK LEAVES

Hold Guest Day Celebration at Home of Mrs. David Sandberg May 6

The Willing Oak Leaves club held their "Guest Day" celebration at the home of Mrs. David Sandberg Tuesday, May 6. As a fitting climax to the Home Management Project about 40 invited guests, club members and children were assembled.

The work of the Home Management project was covered in five months under the direction of Mary Mae Miller of the Extension Division of the University of Minnesota. Each month it was passed on to the club members and visitors by the local leaders Mrs. Lawrence McCulloch and Mrs. George McKay. Miss Miller and the local leaders deserve a great deal of credit for their splendid service to the community in making such a success of the project.

Miss Caroline Walz, county nurse, and Mrs. Anton Claus, county home chairman were among the invited guests and each one gave inspiring talks which were well received by the audience. Miss Walz spoke on "Kitchen sanitation" and "the benefit of hot lunches to school children." Mrs. Claus expressed her appreciation of cooperation she is receiving from this club.

The business meeting was called to order by the club president, Mrs. Geo. McKay and when the necessary business had been disposed of satisfactorily, Mrs. L. McCulloch took charge of the program. The program had been arranged by the club leaders.

The first number on the program was a song by all "The More We Get Together." This was followed by a folk dance to the tune of "Looby Loo" and was ably lead by the club song leader Mrs. Art Liners as was the first number.

Mrs. McCulloch then read "Minnesota" by Howard Everett. Next each member read a theme or discussed a

topic which had been assigned by the leaders from the Home Management project and which were as follows:

Mrs. E. A. Nelson—Water Systems.
Mrs. Edw. Laughton—Shape and size of kitchen.

Mrs. John Strobel—Grouping equipment and supplies.
Mrs. E. A. Aspholm—Kitchen equipment.

Mrs. A. Liners—Fuel box, iceless refrigerator, fireless cooker, fly trap.

Mrs. D. Sandberg—Suggestions for cleaning and care of kitchen.

Mrs. August Erickson—Kitchen decorations.

Mrs. R. Heller—Washing machines.
Mrs. H. Congdon—Small equipment.

Mrs. R. Norton—Cleaning and care of home.

Next Mrs. August Erickson recited the "Minnesota Home Makers Creed." A round table discussion followed on what work might be accomplished by the clubs of the county until the fall of 1931 when Home Management II will be offered.

FARMER KICKED BY HORSE BRINGS SUIT

Phillip Anthony, Nokay Lake, Alleges in District Court Horse Kicked Him in Knee

ASKS \$5,042 DAMAGES

Defendant Claims That Attendant at Auction Sale Slapped Horse While in Barn

Damages of \$5,042.95 are asked by Phillip Anthony, a farmer in Nokay Lake township in district court here for injuries alleged received when a horse kicked him at an auction sale on April 26, 1929.

The alleged attack was said in court this morning to have occurred in the barn of G. F. Edquist, Nokay Lake.

The defense, it was indicated by cross examination of plaintiff's witnesses will attempt to prove that since the auction sale did not take place in the barn the plaintiff had no business there, also that he slapped the horse in passing it.

Mr. Anthony stated on the stand that he was not certain which of two horses struck him. He said he was kicked in the knee and thrown across the barn.

The plaintiff is represented by Attorney Arthur J. Sullivan while Attorney Donald Ryan is representing the defendant.

Jurors on the case are: Sadie Schulte, Frank White, E. F. Andberg, Silas Chase, Mrs. Wm. King, Ruth Taylor, Mrs. Charles Taylor, Mrs. Harry Benson, P. J. Bakken, D. T. Lawrence, Mrs. Louise Wahlstrom, Mrs. Mattie Temple.

Rev. O. L. Bolstad of Brainerd to Take Part in Discussions

The Milaca Circuit of the Norwegian Lutheran church of America meets at Holden congregation, Redtop, Minn., Rev. O. O. Rem, pastor, Sunday, Monday and Tuesday, May 11 to 13.

The convention opens with a joint mission and communion service on Sunday morning, Rev. O. L. Bolstad delivering the confessional address and District President Rt. Rev. I. T. Aastad of Detroit Lakes, the mission sermon.

Church dedication at McGrath, Minn., 2:30 P. M. on Sunday. District President Aastad officiates assisted by the pastors of the circuit.

The evening session at Holden congregation features an English sermon by Rev. H. Hansen of Milaca.

The theme for discussion on May 12 and 13 is "The Local Congregation" with reference to its duties, purposes and its blessings. The theme will be introduced by Rev. A. B. Bergh of Staples. The following have been assigned subdivisions for discussion:

Rev. O. L. Bolstad, Brainerd; Rev. J. K. Krogh, Little Falls; Rev. S. T. Palm, Brookpark; Rev. O. O. Rem, Redtop; Rev. Oscar Rem, Pequot; Rev. Roy Olson, St. Cloud.

Morning devotionals will be conducted by Rev. O. O. Rem, and Rev. H. Hansen.

P. T. A. GROUPS IN CITY CLOSE YEAR

Secretaries Report Activities; Odoland Tells of Early Minnesota History

The program at the high school last evening closed the meetings of the P. T. A.'s for the school year. The High School Pep Band opened the evening's entertainment with several varied and interesting selections. At the conclusion of the music, Mayor F. E. Little, president of the central council, introduced the representatives of the various P. T. A.'s in town, who read a brief account of their activities for the year. Miss Grace Gordon gave a brief statement of the work done by the Garfield organization this year; Mrs. R. Hagberg spoke for the Riverside, Miss Noyes for the Harrison, Miss Larson for the Lowell, Mrs. Iver Hagen for the Lincoln, Dr. A. K. Cohen for the Whittier, Mrs. Sam Newman for the Washington, and R. T. Campbell for the central council.

The outstanding facts in all of these reports seemed to be a rather larger membership in the state organization, co-operation in meeting the expenses of the delegates to the state convention, in filling Thanksgiving baskets and an eager service in bettering the conditions of the students in class room and playground. Equipment had been purchased in various schools, milk served to underweight students, and co-operation generally in raising money for the purposes of the organizations.

In addition, a school of instruction was held in Brainerd with Mrs. Roe as leader. To this meeting members from the surrounding country were invited and many attended.

Mrs. C. F. Kittinger played Mendelssohn's Rondo Capriccioso with exquisite feeling and dainty touch. In response to hearty applause, she favored the audience with an encore.

The main feature of the evening was a talk by Martin Odoland, who gave the results of much research on his part into the early history of Minnesota. Mr. Odoland gave a brief resume of the early explorers into Minnesota from the French, who hoped to hold much territory for France; the English fur traders, who held on even after the separation of the United States from England, through the adventures of Father Hennepin, the founding of Fort Snelling and Fort Ripley, the advent of the early pioneers in ox-carts and on horse back, the surprise of Mrs. Ramsey at finding St. Paul but a straggling village, to the admission of Minnesota as a state. He paid tribute to the pioneers responsible for the development of the state, beginning with Joseph Frensch, Brown and going over the work of Brown's contemporaries, Renville, Goodhue, Sibley and Ramsey, all of whom have left their mark on the history of their state and have been commemorated in the names of counties.

Mr. Odoland went into the factors that led these men to emigrate to this new and untried country, gave a graphic account of varied activities of Brown, of his relations with the Indians and the founding of various towns, of his editorial activities, and his intense interest in the development of the state. From this he went on to give a brief sketch of the careers of Sibley and Ramsey, of their connection with Minnesota both as a territory and a state, and then stated Minnesota was the first state to officially offer aid to President Lincoln, and to issue a call for arms for the war in which they gave such signal service.

The talk as a whole was very instructive and Mr. Odoland showed by his illuminating details that he had delved deeply into the history of the state.

PETUNIA MAY BE COUNTY FLOWER

Mrs. A. F. Claus Favors Growing of Flower by All to Distinguish Localities

The Petunia bids fair to become Crow Wing county's flower emblem.

On the plea of Mrs. A. F. Claus, county home chairman that one flower be grown more than any other to distinguish it to visitors and on her suggestion that the Petunia would be appropriate, many rural community groups are adopting the plan and urging their members to plant Petunias.

Mrs. Claus hopes that the movement will become county wide so that flower and beauty lovers will remember this county as the land of the Petunias.

The county home chairman and Mrs. Edward Nelson, spoke in favor of the Petunia as the county flower at a meeting of the Lucky Lindy Home Management group Thursday afternoon at the Oak Lawn town hall. County Agent E. G. Roth spoke on "County Extension Work."

NISSWA REPLENISHES CHURCH'S FUEL SUPPLY

Members and adherents of the Niswaga church have solved the church's fuel problem.

One day each year, always in the spring and particularly on a nice warm day, the members gather together and while the ladies are preparing a bountiful meal the men,

armed with axes go into the woods and return to their awards of a meal with carts, buggies and automobiles filled with wood.

In this way the church has sufficient fuel for the following year.

This year's wood cutting bee was held Wednesday. In addition to the wood cutting and the meal there was a program and a talk by City Attorney D. H. Fullerton, Brainerd.

FARMER KICKED BY HORSE BRINGS SUIT

Phillip Anthony, Nokay Lake, Alleges in District Court Horse Kicked Him in Knee

ASKS \$5,042 DAMAGES

Defendant Claims That Attendant at Auction Sale Slapped Horse While in Barn

Damages of \$5,042.95 are asked by Phillip Anthony, a farmer in Nokay Lake township in district court here for injuries alleged received when a horse kicked him at an auction sale on April 26, 1935.

The alleged attack was said in court this morning to have occurred in the barn of G. F. Edquist, Nokay Lake.

The defense, it was indicated by cross examination of plaintiff's witnesses will attempt to prove that since the auction sale did not take place in the barn the plaintiff had no business there, also that he slapped the horse in passing it.

Mr. Anthony stated on the stand that he was not certain which of two horses struck him. He said he was kicked in the knee and thrown across the barn.

The plaintiff is represented by Attorney Arthur J. Sullivan while Attorney Donald Ryan is representing the defendant.

Jurors on the case are: Sadio Schulte, Frank White, E. F. Andberg, Silas Chase, Mrs. Wm. King, Ruth Taylor, Mrs. Charles Taylor, Mrs. Harry Benson, P. J. Bakken, D. T. Lawrence, Mrs. Louise Wahlstrom, Mrs. Mattie Temple.

The case of H. C. Anne vs. Grace Hardy was continued over the term by Judge B. F. Wright yesterday.

AT 2 MEETINGS

To Attend Annual Gathering Northwestern Baptist Hospital Association

NURSES TRAINING SCHOOL

Miss Fern Lewis to Graduate Next Year From Mounds-Midway School of Nursing

Rev. Edgar A. Valiant left on yesterday's train for the Twin Cities to attend the annual meeting of the Northwestern Baptist Hospital association at the St. Paul Athletic club to be held this evening, and also to take part on the graduation program of the Mounds-Midway school of nursing at the First Baptist church of St. Paul.

Mr. Valiant has been a member of the board of directors of the Northwestern Baptist Hospital association for a number of years, and has always taken an active part in the work of the association.

According to Mr. Valiant, the training school is graduating the largest class this evening in its history.

Miss Fern Lewis of the city, daughter of Mr. and Mrs. W. E. Lewis, 713 North Ninth street, is a member of the school and of the 1931 class.

MILACA CIRCUIT

MEETS AT REDTOP

Rev. O. L. Bolstad of Brainerd to Take Part in Discussions

The Milaca Circuit of the Norwegian Lutheran church of America meets at Holden congregation, Redtop, Minn., Rev. O. O. Rem, pastor, Sunday, Monday and Tuesday, May 11 to 13.

The convention opens with a joint mission and communion service on Sunday morning, Rev. O. L. Bolstad delivering the confessional address and District President Rt. Rev. I. T. Aastad of Detroit Lakes, the mission sermon.

Church dedication at McGrath, Minn., 2:30 P. M. on Sunday. District President Aastad officiates assisted by the pastors of the circuit.

The evening session at Holden congregation features an English sermon by Rev. H. Hansen of Milaca. The theme for discussion on May 12 and 13 is "The Local Congregation" with reference to its duties, purposes and its blessings. The theme will be introduced by Rev. A. B. Bergh of Staples. The following have been assigned subdivisions for discussion:

Rev. O. L. Bolstad, Brainerd; Rev. J. K. Krogh, Little Falls; Rev. S. T. Palm, Brookpark; Rev. O. O. Rem, Redtop; Rev. Oscar Rem, Pequot; Rev. Roy Olson, St. Cloud.

Morning devotionals will be conducted by Rev. O. O. Rem, and Rev. H. Hansen.

Fused by Time

The word "another" was originally two words of which "an" was the Anglo-Saxon for "one." In the course of time the two were fused and now form a solid compound.—Literary Digest.

P. T. A. GROUPS IN CITY CLOSE YEAR

Secretaries Report Activities; Odoland Tells of Early Minnesota History

The program at the high school last evening closed the meetings of the P. T. A.'s for the school year. The High School Pep Band opened the evening's entertainment with several varied and interesting selections. At the conclusion of the music, Mayor F. E. Little, president of the central council, introduced the representatives of the various P. T. A.'s in town, who read a brief account of their activities for the year. Miss Grace Gordon gave a brief statement of the work done by the Garfield organization this year; Mrs. R. Hagberg spoke for the Riverside, Miss Noyes for the Harrison, Miss Larson for the Lowell, Mrs. Iver Hagen for the Lincoln, Dr. A. K. Co-man for the Whittier, Mrs. Sam Newman for the Washington, and R. T. Campbell for the central council.

The outstanding facts in all of these reports seemed to be a rather larger membership in the state organization, co-operation in meeting the expenses of the delegates to the state convention, in filling Thanksgiving baskets and an eager service in bettering the conditions of the students in class room and playground. Equipment had been purchased in various schools, milk served to underweight students, and co-operation generally in raising money for the purposes of the organizations.

In addition, a school of instruction was held in Brainerd with Mrs. Roe as leader. To this meeting members from the surrounding country were invited and many attended.

Mrs. C. F. Kittinger played Mendelssohn's Rondo Capriccioso with exquisite feeling and dainty touch. In response to hearty applause, she favored the audience with an encore.

The main feature of the evening was a talk by Martin Odoland, who gave the results of much research on his part into the early history of Minnesota. Mr. Odoland gave a brief resume of the early explorers into Minnesota from the French, who hoped to hold much territory for France; the English fur traders, who held on even after the separation of the United States from England, through the adventures of Father Hennepin, the founding of Fort Snelling and Fort Ripley, the advent of the early pioneers in ox-carts and on horse back; the surprise of Mrs. Ramsey at finding St. Paul but a straggling village, to the admission of Minnesota as a state. He paid tribute to the pioneers responsible for the development of the state, beginning with Joseph French, Brown and going over the work of Brown's contemporaries, Renville, Goodhue, Sibley and Ramsey, all of whom have left their mark on the history of their state and have been commemorated in the names of counties.

Mr. Odoland went into the factors that led these men to emigrate to this new and untried country, gave a graphic account of varied activities of Brown, of his relations with the Indians and the founding of various towns, of his editorial activities, and his intense interest in the development of the state. From this he went on to give a brief sketch of the careers of Sibley and Ramsey, of their connection with Minnesota both as a territory and a state, and then stated Minnesota was the first state to officially offer aid to President Lincoln, and to issue a call for arms for the war in which they gave such signal service.

The talk as a whole was very instructive and Mr. Odoland showed by his illuminating details that he had delved deeply into the history of the state.

PETUNIA MAY BE COUNTY FLOWER

Mrs. A. F. Claus Favors Growing of Flower by All to Distinguish Localities

The Petunia bids fair to become Crow Wing county's flower emblem. On the plea of Mrs. A. F. Claus, county home chairmen that one flower be grown more than any other to distinguish it to visitors and on her suggestion that the Petunia would be appropriate, many rural community groups are adopting the plan and urging their members to plant Petunias.

Mrs. Claus hopes that the movement will become county wide so that flower and beauty lovers will remember this county as the land of the Petunias. The county home chairman and Mrs. Edward Nelson, spoke in favor of the Petunia as the county flower at a meeting of the Lucky Lindy Home Management group Thursday afternoon at the Oak Lawn town hall. County Agent E. G. Roth spoke on "County Extension Work."

NISSWA REPLENISHES CHURCH'S FUEL SUPPLY

Members and adherents of the Nisswa church have solved the church's fuel problem.

One day each year, always in the spring and particularly on a nice warm day, the members gather together and while the ladies are preparing a bountiful meal the men, armed with axes go into the woods and return to their awards of a meal with carts, buggies and automobiles filled with wood.

In this way the church has sufficient fuel for the following year.

This year's wood cutting bee was held Wednesday. In addition to the wood cutting and the meal there was a program and a talk by City Attorney D. H. Fullerton, Brainerd.

Britain Billion Dollar Naval Program Outlined

Washington, May 9.—(U.P.)—The British billion dollar naval program was placed before the house today in a bill which would authorize the president to undertake before July 1, 1936, construction of all naval craft authorized by the London treaty.

CITATION FOR HEARING ON PETITION FOR ADMINISTRATION

No. 3415
State of Minnesota, County of Crow Wing, ss.: In Probate Court.
In the Matter of the Estate of Eva C. Brown, Decedent.
The State of Minnesota to All Whom It May Concern:
WHEREAS, Opal Brown has filed in this Court her petition stating, among other things, that she is a daughter and an heir of the above named decedent; that said decedent died intestate, a resident of the County of Crow Wing, State of Minnesota, and was a citizen of the United States of America; and praying that administration of her estate be granted to Opal Brown.

THEREFORE, You are hereby cited to be and appear before said Court on the 2nd day of June, 1930, at ten o'clock A. M., in the Court House, in the City of Brainerd, in said County and State, and show cause, if any you have, why said petition should not be granted.

Dated May 9, 1930.
(Probate Court Seal) L. B. KINDER,
Probate Judge.
